What it is about

By popular demand: Our unique 2 days technical Master Class workshop on unusual cases in international Trade Finance organised jointly by EBRD and ICC Austria is back!

World class experts are ready to discuss and give solutions to

- unusual and difficult cases
- as well as answer your individual problems and specific situations (**please submit** – in anonymized form – **your cases** – we will treat all details submitted with strict confidence as to its origins)

Your challenges, questions, hick-ups or unusual cases occurring in your daily business around Letter of Credits, Stand-bys, Bank Guarantees, and other Trade Finance instruments will be answered by highly experienced practitioners. This international workshop will adapt to your special needs!

The European Bank for Reconstruction and Development (EBRD) with its mandate to facilitate trade through its Trade Facilitation Programme (TFP) and provide access to trainings and education and ICC Austria – a successful rule maker, conference provider and consultant - decided to establish an annual platform that offers you the unique possibility to debate your personal cases with your col-leagues as well as experts from around the globe with the aim of finding legally correct, but more importantly practical solutions to your problems.

How it works

We developed a simple four-step-programme for your practical needs:

1. Submit your case

Upon registration you will receive a template ppt slide that you can use to submit your cases anonymously (if required) until 11th of October to e.treu@icc-austria.org. They will then be forwarded to all participants and experts prior to the event in order to review them (as preparation).

2. Discuss your problem within a working group

Next to the template you will receive during registration, you will be asked to fill out a participants' profile which enables us to set up suitable working groups. A working group will consist of up to 8 participants (depending on the overall number of registrations). Together, you will work through your first pack of cases, discuss them, and draft a possible solution.

3. See how other groups as well as experts solve the problem in the plenary session

The solution found by the different groups will then be presented in the plenary session which is moderate by the experts.

4. Take the solution to your case home

Good to know

Attendance of any of our conference will be awarded with 6 PDUs per day for CITF, CSDG and CDCS from [LIBF](#).

Networking event: You are warmly invited to a cocktail reception on 6th of November, directly after the conference. Further details will be published closer to the event.
