Future proof your Trade Finance business – get insights on AI, DLT, adoption gaps, e-BLs, the current regulatory & technological environment and learn what needs to be done now and what initiatives to keep an eye on strategically

LIBF — Accredited CPD
Programme

CSCF, CDCS® and CSDG® holders attending will earn 6 PDU points towards re-certification.

Who is it for

- Leaders in Trade Finance Departments
- Trade Finance Practitioners
- Advanced Trade Finance Officers
- Correspondent Bankers/FI
- Anybody interested in Digitalisation in Trade Finance

What it is about

The landscape of trade finance is rapidly evolving with digital innovations. Understanding these trends ensures experts remain competitive and relevant in a dynamic market. While it is accepted that Digitalization can enhance efficiency and risk management it is demanding in particular for regional and mid-sized banks with fewer resources to distinguish immediate priorities from future insights, policy initiatives and shiny marketing campaigns.

Future-Proofing: As the industry continues to digitalize, those who are apt to separate what actually works now and why from what to pay attention to long-term, will make smarter decisions and are better positioned to lead innovation within their organizations.

Renowned experts are ready to discuss the current state of play regarding:

- The latest technological trends and initiatives
 - Artificial Intelligence, DLT
 - e-BLs & automated doc-checking
 - front-end to back-end solutions
- Adoption gaps and regulatory environment
 - Opportunities and limits of MLETR
- What #datanotpaper actually means and how it can link to climate smart trade facilities
- Hands-on Case Studies and open round table discussion under [Chatham House Rules](#)

Meet our experts

Jacco de Jong, TradeWiz, Netherlands. With over 35 years in the International Trade Finance Banking environment, most recently as Head of Global Sales of Bolero, Jacco has gained hands-on experience in all major areas such as operations, client service, sales (commodity) finance, training and system implementations. His pragmatic advice and support ranges from advising senior management on strategic issues to being a senior advisor on business analysis at project level.

Michael Lehotzki, Managing Associate General Counsel at HSBC – acts as global Wholesale Lead for Digital & Transformation projects using new and emerging technology such as DLT, digital assets or AI.
